NEW
PRELAM
COLLECTION
2026

Rooted in craftsmanship and driven by quality, we are among the trusted plywood manufacturers based in Kerala. Our journey began in 1998 with timber, and by 2000, we expanded into plywood manufacturing building a strong foundation of reliability, precision, and excellence.

With a strong network of over 500 dealers, we also manufacture flush doors, block boards, and shuttering plywoods. Our growth is powered by a team of skilled professionals whose expertise and dedication have helped us reach new milestones and set higher benchmarks in the plywood industry.

CONFIRMITY TEST REPORT

PRELAMINATED PARTICAL BOARD (2)

Sr. No.	Tests	Required Value	Result Obtained
1.	Resistance to Steam	The specimen shall not show any sign of blister, delamination or change in surface finish. There may be slight colour change in dark colors/patterns	Withstood the test
2.	Resistance to crack	The specimen shall not show any sign of cracks or delamination	No cracks, no delamination
3.	Resistance to cigarette burn	There shall not be left any mark or stain on the specimen after cleaning with water or solvent	No mark or stain found
4.	Resistance to stain	There shall not be left any stain on the specimen after cleaning with water, solvent or detergent	No stain found
